Elizabeth Lucas Returns to Dallas with Steel Art and Decorated Furniture

Wholesale Art Company Showcasing Artwork on Galvanized Steel

From June 19 to 23, Dallas residents and visiting designers will have trouble passing by certain booths at the Dallas Market Center. There will be colorful centerpieces and well-polished wooden furniture.

But the steel artwork at the ELC booth (#604) is a guaranteed eye-catcher. Even from across the room!

The Elizabeth Lucas Company has returned to the Dallas Market Center for a second showing of its unique artwork. This time they've brought their newest creations: Sheets of galvanized steel with an original ELC "new vintage" art piece printed on them. "Apricots," to the right, is one example.

Framed with barn timbers for a subtle border, the image jumps out at you in a brilliant visual. On a medium that will last into your children's years!

What's Also on Display: Popular Pillows and New Art-Decorated Furniture

ELC is known nationwide for producing "new vintage" artwork – classic visuals reproduced with all-new blending, texturing and layered effects. Responding to requests from customers at other tradeshow, they've introduced all-new art, as well as expanding their pillow & furniture inventory.

Visitors to the Dallas ELC booth will see a wide variety of art and furniture pieces – like "Western Edition Bull" on the left. This ottoman has the artwork printed directly onto its canvas upholstery. Such furniture effectively moves art off the walls and tabletops, out into the room itself.

The company makes all efforts to be "Green" with its products. The steel prints' barnwood frames are reclaimed from old barns. Inks used in making furniture prints are all environmentally-friendly.

Dallas' Selection Just the Beginning - Custom Artwork Available Year-Round

The booth's selection is limited by space, not by creativity. Custom art prints, slipcovers and more are available. ELC can place virtually any print on any medium out there. With the same type of ELC prints on the furniture as you'd have on the wall, all rooms in the house become spaces in an art history tour.

Visit The Elizabeth Lucas Company at www.elizabethlucascompany.com for art examples and a wholesale price list.

Images of the artwork mentioned above, or from The Elizabeth Lucas Company website, may be obtained by email through PlanetMagpie. Please email doreyne.douglas@planetmagpie.com with your request.
