Elizabeth Lucas Returns to High Point with New Original Pillows, Artwork on Lucite

New Products Include Elizabeth Lucas Original Pillows, Lucite Wall Art

For several years now, the Elizabeth Lucas Company has brought its newest artwork and accent products to shows like High Point. This year is no exception; the Elizabeth Lucas booth this April will showcase new Elizabeth Lucas “New Vintage” originals, as well as the latest from the ELC Market line.

New Down Pillows with Elizabeth Lucas Original Imagery

The latest pillows feature a selection of original Elizabeth Lucas artwork, such as “Pear 2” (right). These pillows are made with multiple layers of cotton, and down infill. Canvas backing keeps them soft and upright for years. They are exactly the same quality as currently-carried art pillows...but priced at only \$75.

If you’re looking to carry Elizabeth Lucas in retail stores, ask about the ELC Market line. ELC Market is a series of affordable art prints and accent pillows, intended for retail sales. High Point attendees this year will have several examples of both to peruse.

ELC Market pillows sell for under \$60 each; single-layer art prints, under \$70 each.

Also at High Point: Art on Lucite, Steel, Furniture, Headboards

The Elizabeth Lucas Company produces many originals and limited series artwork as well. For example, show attendees will see the latest print medium: artwork rendered on Lucite (like “Rudbeckia”, left).

“Honestly, pictures don’t do the Lucite pieces justice,” said Scott Lucas, co-owner. “With Lucite, we can stack layers of art on top of one another. The image is sharp, but it blends with the background. It’s three-dimensional art on your wall. You’ll have to come see them for yourself!”

Custom Artwork Available Year-Round

The ELC booth is located in InterHall Booth IH307, April 4—10. Examples of the new ELC Market prints, Lucite pieces & new Elizabeth Lucas Pillows will be on display. Also available are standard prints, furniture, slip-covers & more. Visitors can request custom orders on-site.
